WEEKLY Horoscopes
for January 1-7

ARIES – Mar 21/Apr 20
Strange things are happening, Aries. It may be better to go with the flow right now. You might like the change that ensues, and the change in pace could be a positive.

TAURUS – Apr 21/May 21
Better days are ahead, Taurus. It's just a matter of having a little patience and waiting a little longer for things to settle down. Start a new project to take your mind off things.

GEMINI – May 22/Jun 21
Make the most of time spent with friends and family this week, Gemini. You may need to step away for a little while, so cherish this time you get to spend with those you love.

CANCER – Jun 22/Jul 22
Cancer, someone special is able to take a peek into your inner thoughts this week. Their ability to see you so personally could reinforce your outlook.

LEO – Jul 23/Aug 23
You might feel a bit melancholic as the holiday season nears its end, Leo. It's understandable based on how much has been going on. Maintain a strong social calendar.

VIRGO – Aug 24/Sept 22
Virgo, generosity is an admirable trait, and now is a good time to indulge your love of helping others. Make a concerted effort to pitch in where your assistance is necessary.

LIBRA – Sept 23/Oct 23
When one door closes, another door opens, Libra. Look at all of the positive things in your life and embrace the great changes that are coming your way. This is an exciting time for you.

SCORPIO – Oct 24/Nov 22
Scorpio, there are so many things going on right now but you can still function effectively. The pace might be hectic right now, but things will calm down soon enough.

SAGITTARIUS – Nov 23/Dec 21
A relationship is blooming, Sagittarius, and you're not sure how you feel about it just yet. Take a few more weeks to work through all of your feelings.

CAPRICORN – Dec 22/Jan 20
You have an eye for deals, Capricorn. Even though you have been spending a lot this past month, you can't resist a discount on some post-holiday sales.

AQUARIUS – Jan 21/Feb 18
Take a firm hold of your finances for the next few weeks, Aquarius. Overspending could complicate an important relationship if you're not careful. Curb any purchases for a few days.

PISCES – Feb 19/Mar 20
You are not sure how to harness your artistic energy this week, Pisces. You might take a class or engage in a hobby that interests you. Redesigning a room in a home also might be an idea.

Happy New Year everyone. I am eager to get this one started. I have big plans for the coming year that I will be sharing with you as they unfold. The weather and the Holidays have kept many anglers close to hearth and home, and with the Holidays behind us and some cold but clear weather ahead they should be venturing out to try some of the better fishing opportunities this winter.

On my swing through our region to check on conditions at various locations the other day, my first stop was at Rocky Ford Creek. This is a very popular fly fishing destination in the winer months. The mile long stretch of flowing water is fed by an underground spring, so it doesn't freeze. This gives those who like to cast a fly a place to go when other rivers are either too full of ice or closed. I stopped by here about a month ago and found most of the water covered with weeds and no one was fishing. I am happy to report that most of the weeds have cleared out and there are folks now fishing The Ford. I walked down to one of my favorite casting spots and although I didn't have much time to fish, I could see that I need to get back down there, as at least this area was in great shape to drift a Scud under an indicator or to strip in my favorite Mini Leech and Ultra Scud combo.

I recently visited several popular winter fishing destinations, and one of them was Billy Clapp Lake. It is located about 16 miles from Soap Lake off Highway 28. The lake is known for good fishing for rainbow, walleye and smallmouth bass. Some years we have also caught some big kokanee here. In the winter the lake is drawn down and there is a large stretch of beach below the boat launch site that anglers fish from in the winter months. It isn't unusual to see several groups and individuals lined up along this shore casting their favorite baits to attract strikes from cruising rainbow. The rainbow range in size from about 15 inches to 2 or 3 pounds, and I have seen photos of fish much larger than that. Boaters will also launch from the sandy beach here and troll. This is possible with small boats and four wheel drive is recommended. I have enjoyed a few winter days trolling with crank baits, like Rapalas and have had good success. We usually just flat line these lures behind the boat, sometimes on side planers. I did a video on this last year, and you can view it on the Dave Graybill YouTube channel.

I have wanted to get up to the net pens on Rufus Woods for a while, and my intrepid fishing friends James Lebow and Ryan Harris agreed to meet me in Grand Coulee.

James even brought his boat, so we would have a better chance of catching fish than from the shore at the middle net pens launch site. One thing we didn't expect was the very heavy current. Earlier this fall we were complaining about the lack of current, and now we had trouble getting our baits to the bottom. We tried fishing inside, between the pens and the shore and James got a small fish. The current slacked off a bit, and we moved to the bottom end of the pens and I got two. One was about 3 pounds. We did notice a boat fishing at the bottom edge of the Nespelem Bar land a fish or two. Fishing was slow, mainly due to the high current, but fishing here is still worth giving a try. My buddy, guide Austin Moser, reported a tough day, too, but got one triploid that weighed 18 pounds! Boy, I would like to get one of those. This week's photo is of me with one of the trout I landed at the upper net pens.

One of the places I wanted to check out on a recent trip to upper Grant County was Crescent Bay. This bay is popular with bank anglers looking for the triploid rainbow trout that are released into Lake Roosevelt. Did you know that over 700,000 trout are released into Lake Roosevelt every year? A fair number of them like to cruise through this bay, which is located just down the hill from the town of Grand Coulee Dam. Even when Roosevelt is at a very high level there is a long sandy beach that people like to cast from. When I stopped by there were a few anglers fishing from the far end of the beach and a family was enjoying a picnic at one of the tables, while they watched the rods they had set up on the shore. I have a friend that lives just above Crescent Bay and fishes here very often in the fall and winter. He will cast a marshmallow and shrimp or a marshmallow and night crawler combo bait to catch his fish. He may not limit every time he fishes here, but he has caught rainbow measuring up to 24 inches from the shore at this bay.

On my way back from fishing at the middle net pens on Rufus Woods Reservoir, I swung into Seatons Grove to see if anyone was using the boat launch here. Since it's just six miles from Grand Coulee, this used to be the most popular launch to reach the middle net pens, and the parking area would be packed with trucks and trailers. Many anglers now choose to launch at the Colville Net Pens site, as it is a much shorter run to the upper net pens, which is where most people like to fish. Even with the Access Permit and Lauch Fee, the convenience of launching here makes it worthwhile. There was one truck and trailer at Seatons Grove when I stopped here. One of the other popular fishing areas that is a fairly short run from Seatons Grove is the Buckly Bar. This has been a favorite of walleye anglers for decades. Although most people jump in their boats and roar off down river there can be good fishing near the launch. Remind me to tell you a story about my experience here a couple of years ago. It's one of those "can't believe it happened" stories, but I swear it's true!

NOXIOUS WEEDS

What is a Noxious Weed? They are non-native plants that have been introduced to Spokane County through human actions. Because of their aggressive growth and lack of natural enemies, these species can be destructive, competitive, and difficult to control.

POISON HEMLOCK
(CONIUM MACULATUM)
This is a toxic, biennial/perennial plant growing up to 12ft tall. Fern-like foliage has an unpleasant, musty smell when crushed. Leaves are shiny green, toothed and finely divided, up to 2ft long. Hollow, branched stems with purple blotches. Flowers appear white with 5 petals in umbrella shaped clusters, blooming from June to August. Spreads by seed. Always wear gloves and protective clothing. All parts of the plant is poisonous. Dig small patches ensuring entire taproot. Chemical spray when plant is in rosette stage. Mowing is ineffective.

NW MOTORSPORTS Report

"Going fast is your job...Telling people about it is ours...!"

OLD AND NEW DOT THE 2026 NWSLMS SEASON SCHEDULE

By Kevin Peters, NWSLMS Media

The 2026 Northwest Super Late Model Series visits Canada for the first time in July at Saratoga Speedway on Vancouver Island. Saratoga Speedway photo

Spokane, WA – The Northwest Super Late Model Series is excited to announce our tentative schedule for the 2026 season. The series will return for four traditional events, while adding one new venue, as well as returning to a marque event that has been absent from the schedule for several years. All told, the series will sport a more condensed six-race schedule, concentrating on marque events across the Pacific Northwest.

"2026 is going to be a great year, NWSLMS director Dan Garber said. "We are returning to South Sound Speedway (WA) for a 200-lap race. The series is excited to return there. We are also excited to sanction a race up in Canada. It will be a crazy weekend with our Canadian friends. We have five great racetracks for six races from1/4, 3/8, and1/2-mile tracks, which makes for a great season of racing."

The 2026 season will open on Sunday, April 12th with the 57th Annual "Apple Cup 125", at Tri-City Raceway RMEC (WA), traditionally paying $10,000 to the winner. This will be the fifth season the NWSLMS has sanctioned the longest running Super Late Model race in the Pacific Northwest. The "Apple Cup" got it's start at Yakima Speedway (WA) in 1967, with Gordon Hayes earning the original honors. After the closure of Yakima Speedway, the Apple Cup moved to Tri-City Raceway RMEC in 2022. There have been four different winners in four events since the event was relocated.

Round #2 will find the series back at Mode Stadium Stateline Speedway (ID) for the traditional mid-May event. On May 16th the "SLS 150", at the Post Falls, ID ¼-mile oval, will see the NWSLMS visit for the 10th time. The series made its' return to the facility in 2021 and has witnessed four winners in five events, headed by two-time winner Kasey Kleyn. Garrett Evans, Haeden Plybon, and Trevor Cristiani have also scored wins. Each of those drivers are former series champions.

On June 12th & 13th, the series will make its first trip outside the country, heading to Saratoga Speedway on Vancouver Island in British Columbia, Canada.

The "Kennedy Classic" will payout a minimum purse of $50,000 with other incentives available for teams in the U.S., already in the works. With support from Dwight Kennedy, owner of Northern Provincial Pipelines, the first foray into Canada is something Garber is excited about.

"This is a great opportunity for the series to venture into a new market, with the "Kennedy Classic" providing us a great platform to build off of. Saratoga Speedway is BC's premiere short track and the chance to work with Dwight Kennedy and Speedway Motorsports Management is something the series is very excited about", Garber stated.

Round #4 will see the series heading back to the West side of Washington, and South Sound Speedway on August 1st, for the 28th annual "Weatherguard Roofing 200". The NWSLMS last visited the 3/8-mile oval in 2021, when Trenton Moriarity won the 200-lap event over a 24-car feature. It will be the series eighth visit to the facility, where Alan Cress is the only multi-time winner.

The longest running event on the NWSLMS schedule will move up a few weekends, as the NWSLMS will visit the Wenatchee Valley Super-Oval for the 13th annual "Neal Newberry 125" on August 29th. The series has visited WVSO 25 times, by far the most in series history. The 'Neal Newberry 125" was one of only two races to survive the Covid shutdowns in 2020. Multi-time winners of the "Neal Newberry 125" include Owen Riddle, Garrett Evans, and Gracin Raz. Alan Cress was the most recent winner.

The season will wrap up for the fourth consecutive year in the 39th annual "Fall Classic 200" at Tri-City Raceway RMEC on October 4th. The largest car count of the season is traditionally experienced during this event, which was resumed in 2021 after Yakima Speedway (WA) was closed. It has averaged over 32 Super Late Models since the NWSLMS sanctioned the event in 2022. The competitive event has not seen a repeat winner since that time. Ethan Ebert took home $10,000 last October.

2026 NWSLMS SCHEDULE

April 12th – "Apple Cup 125" – Tri-City Raceway RMEC (WA)
May 16th – "SLS 125" – Mode Stadium State Line Speedway (ID)
June 12 - 13th – "Kennedy Classic 150" – Saratoga Speedway (BC)
August 1st – "Weatherguard Roofing 200" – South Sound Speedway (WA)
August 29th – "Neal Newberry 125" – Wenatchee Valley Super-Oval (WA)
October 4th – "Fall Classic 200" – Tri-City Raceway RMEC (WA)

YOUTH DRAG RACING MEETING IS JANUARY 4

AIRWAY HEIGHTS — In an effort to build interest in drag racing from a new generation, Qlispe Raceway Park (formerly Spokane Raceway Park) is working to form what they call Inland Empire Youth Drag Racing.

According to a Facebook post, Qlispe will host a meeting on Sunday, Jan. 4 at 3 p.m. in the track office.

Those with an interest in learning to race, including high school and middle school students are encouraged to attend. Parents as well as adult racers and mentors are encouraged to attend.

According to a social media post, "In short the program will be for 12-18 year old Inland Empire area youth who want to race or work on racecars. We will build and work on the cars together. Those youngsters who work on the cars will get to race them."
